

Dredge pump:	Metso, 10" x 8" x 30".	<i>8" H-Series dredge with linear cutter.</i>	
Dredge ump power unit:	CAT C15, 475 horsepower @ 1,800 rpm.		
Dredge pump drive:	<i>Alignwinder</i> belt reduction drive.		
Flotation:	1/4" plate, cylindrical pontoons with watertight compartments. 1/4" plate rectangular center hull.		
Hydraulics:	Oilgear load sense hydraulic pump, proportional controls.		
Cutter:	Twinkle Co 7" pitch linear cutter.		
Winches:	3 each Pullmaster M8 positioning winches, 8,000 pound linepull. 1 each Pullmaster M8 hoist winch, 8,000 pound linepull. MOAB swing blocks, NOMAD fairlead.		
Safety:	3-strand handrail, non-skid walkway surface, toeboards.		
Dimensions:	Overall length: 75'	Overall width:	18'
(assembled)	Overall height: 17'	Displacement:	95,000 pounds
