

TWINKLE CO

SUPER-MOAB DREDGE BLOCK

- Designed for use in the harsh and demanding environment of dredge positioning cables.
- Modular design allows for fast assembly from stock components and facilitates field repair.
- Replaceable cable guides prevent slack cable wedging and protect the block body from cable wear.

15 Ton Rating
16" OD Sheave
1/2" to 7/8" Wire Rope

- Can be used above or below water.
- Top swivel is lubricated and field repairable.
- Approximate weight per block is 165 pounds.
- 4" shaft with a recessed grease zerk in each end.
- 16" OD sheave with hardened cable groove for long life.
